

WORLD FOCUS TEAM

Assisting Local Churches and Christians in World Mission

Resource Paper 1

Introducing the Affinity World Focus Team

The World Focus Team has a balanced representation from both Affinity Partner Churches and Mission Associates and is made up of people passionately committed to Affinity churches and to world mission. The Team currently comprises representatives from the following:

Church Associations: Associating Evangelical Churches of Wales, Evangelical Fellowship of Congregational Churches, Evangelical Presbyterian Church in Ireland, Fellowship of Independent Evangelical Churches, Free Church of Scotland (Continuing), Urban Life – Derby.

Mission Agencies: Grace Baptist Mission, Radstock Ministries, ReachAcross, SIM, United Beach Missions, UFM.

Our aim is to:

- ❖ Stimulate an informed global outlook in Affinity-related churches
- ❖ Encourage churches in prayerful, active and sacrificial involvement in what God is doing around the world
- ❖ Provide opportunity for churches and missions to share resources and ideas

The Team does not function as an operational unit but as a connector, catalyst, and a resource exchange focused on enabling partner churches feel a vital part of the work of its missionaries and overseas involvements.

The World Focus section of the website contains a growing series of resource papers dealing with all aspects of facilitating cross-cultural mission involvement by the local church.

The Team views this website as the primary communication channel with Affinity Partners and Associates and will continue to develop the site as the means to achieve the above aims.
